

Warrior to Provide Updates on Transformational Blue Creek Project via New Dedicated Blue Creek Webpage

Mar 13, 2025

BROOKWOOD, Ala.--(BUSINESS WIRE)-- Warrior Met Coal, Inc. (NYSE:HCC) ("Warrior" or the "Company") today launched a new webpage dedicated to the Blue Creek project.

Warrior will use this new webpage to provide updates on the progress of Blue Creek as the project nears completion. The webpage will include updates in the form of investor presentations, news releases, pictures, and videos of milestones and progress as they occur over the next fifteen months.

The Blue Creek webpage can be found on the investor section of the website at <https://investors.warriormetcoal.com/blue-creek>.

About Warrior

Warrior is a U.S.-based, environmentally and socially minded supplier to the global steel industry. It is dedicated entirely to mining non-thermal metallurgical (met) steelmaking coal used as a critical component of steel production by metal manufacturers in Europe, South America, and Asia. Warrior is a large-scale, low-cost producer and exporter of premium quality met coal, also known as hard-coking coal (HCC), operating highly efficient longwall operations in its underground mines based in Alabama. The HCC that Warrior produces from the Blue Creek coal seam contains very low sulfur and has strong coking properties. The premium nature of Warrior's HCC makes it ideally suited as a base feed coal for steel makers. For more information, please visit www.warriormetcoal.com.
